

# IPS-24P2G-EXAF

24 Port PoE+ Switch with Two Gigabit Uplink Ports for IP Security Cameras

## Main Features

- 24 POE ports with 2 additional non-powered Gigabit rated ports
- Each port capable of pushing POE+ up to 30 watts per port with a total POE budget of 250 watts for entire switch
- Optional unique Extend feature on ports 17 thru 24 allows for 800' cable runs
- Low profile small footprint measuring only 13"x8"x1.75"
- Rack mountable with included rack ear mounts
- Option to add premium branding with your logo on the front faceplate of the switch (additional cost)

## Product Specifications

PoE Ports	24
Extendable Ports	12
Uplink Ports	2
Max Switch Power	250W
Max Power Per Port	30W
Switch Type	Unmanaged
Bandwidth	14.8 Gbps
Address Database Size	16K
Pocket Buffer Memory	4M
Transfer Mode	Store-and-Forward (Full Wire Speed)
Power Supply	100-240VAC
Operating Temperature	-4°F - +131°F
Weight	5lbs
