

IPS-8P2G-EXAF

8-Port PoE+ Switch with Two Gigabit Uplink Ports and Optional Extend Mode for IP Security Cameras

Main Features

- 8 POE ports with 2 additional non-powered uplink ports
- Each port capable of pushing POE+ up to 30 watts per port for power hungry devices
- Total power budget of 130 watts
- Optional extend mode allows for 800' cable runs
- Fanless quiet design with a small footprint of only 10.5"x7"x2"
- Rack mountable with included rack ear mounts

Product Specifications

PoE Ports	8
Extendable Ports	8
Uplink Ports	2
Max Switch Power	130W
Max Power Per Port	30W
Switch Type	Unmanaged
Bandwidth	1.5 Gbps
Address Database Size	1K
Pocket Buffer Memory	768KB
Transfer Mode	Store-and-Forward (Full Wire Speed)
Power Supply	100-240VAC
Operating Temperature	-4°F - +131°F
Weight	3.48 lbs
